More international students (54%)

## Requested Workshops

Requested workshops reach

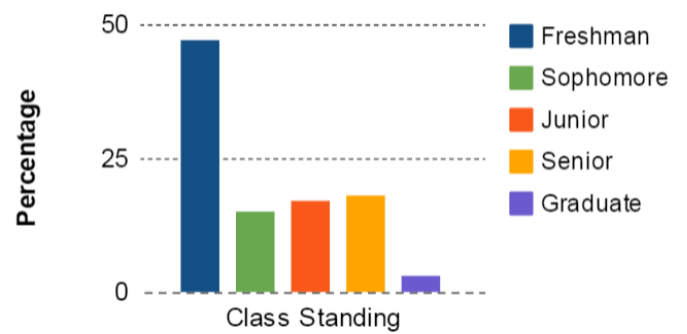

### Gender

A balance of female students (55%) and male students (45%)

### Class Standing

More freshmen (47%)

### Citizenship

More domestic students (88%)

## What do students say about requested workshops?

Career Workshops Tailored to My Needs and Interests!

"The most valuable thing was she explained her story and focused on critical areas we need to focus in preparing for our careers."

Engaging Career Workshops!

"When she asked us to write anything we have participated in during our college experience. Made me think and feel valued."

"She was incredibly inviting. She made it obvious she wanted us to have fun."

## Let's Do It Again!

The Career Center is dedicated to partnering with you to educate students. We can help you create assignments or classroom experiences that assist students with defining career goals, articulating skills, developing their job search materials, and more.
